

ExtraLight

The Most Powerful, Portable, Loupes-Mount LED Light

ExtraLight is designed for Medical and Dental Doctors with strong, super 3-Watt LED that gives you 38,000 Lux

Loupes mounted - ExtraLight comes with easy mounting on ANY magnification loupes or head band. **Daylight color light** - ExtraLight allows the doctor to see tissues and teeth in the oral cavity in their true color, just like in natural day light. **Narrow beam** - ExtraLight illuminate the oral cavity, without dazzling the patient. **Lightweight** - ExtraLight only 14.4 grams. **Cordless** - ExtraLight is powered by compact, rechargeable, long-life power packs. Two power packs per kit. **Cost** - ExtraLight is a fraction of the cost of other fiber optic head lights.
